

Sanctuary Singers Spotlight – Clacy Olson

How long have you sung in the Sanctuary Singers?

Uhm...7ish years

What voice part do you sing?

Alto

What do you like most about singing in Sanctuary Singers?

The comradery everyone has with each other.

Are you currently or have you ever sung in other group(s)? If so, tell us about them.

I used to sing with the Denver Women's Choir before we moved to Omaha. It was an amazing and supportive group of people.

Have you had musical training? If so, please describe.

Not really. Public school choirs is basically it.

Aside from singing, what other musical instruments do you play?

None. Never got the knack of actually reading music much less anything else.

What is your favorite kind of music?

That is an impossible question to answer. What I like varies with my mood. What we sing in choir usually doesn't qualify BUT I like singing songs that are different or that even don't like (despite whining about it.) It forces me to out of my comfort zone and makes me really learn music I ordinarily wouldn't know.

What is (or was) your 'day job?'

I do the full-time parent gig.

Anything else you want us to know?

The sun is a miasma of incandescent plasma.
